

DE-SCALING

REMOVER PLUS POWDER

Technical Description:

Acid base descaling powder, used to remove scale and rust in heating system, cooling circuits with pipes in stainless steel, aluminum, brass, tin and other light alloys.

How to use:

Dissolve the product in water at about 10-15 % concentration (1-1.5 kg of powder in 10 liters of water) and let the solution circulate inside the plant.

When the color changes, from red to yellow-orange, add some Remover Plus Powder until there is no more effervescence in the red acid solution.

Once the descaling treatment is ended, wash the installation with a solution of Neutraliser at 2-3%, and then rinse with running water.

Risk Classification:

R 36 / 38: Irritating to eyes and skin.
